VOL. X. NO. 43.

SANTA ANA, CALIFORNIA, TUESDAY EVENING, JANUARY 19, 1915.

50 CENTS PER MONTH

MATCHES SERVE THIEF AS A LANTERN

Diamond Stud, Fountain Pen
Stolen From James Livesey
Home Last Night

SAME BURGLAR LOOT THE REGISTER'S SAFE?

Mysterious Ringing of Doorbell
at Gilbert Home Yesterday Evening

Dozens of burnt matches on the floor of the James E. Livesey residence, 402 South Main street, from where a diamond stud, valued at from \$35 to \$50, was stolen last night, lead to the supposition that the burglary was committed by the same party who looted the Register's safe Saturday night. Mr. and Mrs. Livesey were at the Polytechnic night school. On their return home they found that the house had been entered and the diamond stud and a fountain pen stolen. Earlier in the evening someone rang the door bell at the residence of E. S. Gilbert, 420 South Main street. When Gilbert came from the back part of the house, turned on the lights and opened the front door there was no one there. It is more than likely that the party who rang the bell was the same who later entered the Livesey residence. The Livesey burglar operated coolly and methodically. He piled up some bricks and laid a board across them below the window he opened. The window was on the west side of the house. Examination of the house by the Liveseys and City Marshal Jernigan, who was called immediately after the robbery had been discovered, revealed the fact that the burglar had been in the house for a considerable length of time. A trail of burnt matches was found leading from one room to another. In front of a dresser in Mrs. Livesey's room there was a great quantity of burnt matches. A small hole was burnt in a rug lying in front of the bureau. The burglar departed by way of a window on the south side. Several clearly defined footprints were found outlined quite clearly on the carpets. All the prints were identical, making it evident that only one burglar did the work.

BANK CLOSES DOORS; \$500,000 IS INVOLVED

GRAFTON, W. Va., Jan. 19.—The Grafton State Bank, with a capital of \$100,000 and deposits of \$500,000, failed to open its doors this morning. Democratic National Committeeman J. T. McGraw, who is a relative of the bank's president, said the closing was temporary on account of a tight money market. He said the bank would reopen within sixty days, paying depositors in full.

Midwinter Sale Advertising

January and February are a period when the public looks through the newspaper advertising with keen attention.

A great many people have formed a regular habit of delaying purchases until this time of year. They know that most merchants will give unusually good bargains in midwinter, to save carrying goods over until another year. A merchant that does not get into line and tell the public through the newspapers what he is doing at this time of year will find his trade very slack. But a simple statement of the good values that can now be found in almost any enterprising store will be read with eager interest. The store will find that it is doing an excellent business even at a dull period.

Goods can't be moved unless the public is told about them. A customer may go by the store every day in the week. But if she does not know that inside, back on those shelves, is just the bargain that would appeal to her, the goods might just as well be in Jericho. She goes home, picks up the newspaper, reads about the special value offered in some other store, and on her next trip hunts out the place that had the enterprise to seek her patronage.

The merchant who does not advertise pays a high price for the money saved. Goods grow more unseasonable the longer they stay in a store. The proprietor is getting no profit on them to pay his fixed charges. Rent, interest, taxes, light, heat, and clerk hire expenses are running along every day, and must be paid. The only way to pay them is to keep the goods moving.

Goods held over until another season are apt to become so shop-worn or out of style that they have to be sold for a song. Goods well advertised and sold during the season for which they are bought go at a fairly good price, and help the merchant close his season without loss.

VISITING MOTORISTS CAN USE HOME STATE NUMBER PLATE HERE

The two-fold attraction of exposition year and California's great boulevard system have brought an influx of winter visitors bringing their automobiles that has never been equaled in Southern California. For the double purpose of showing added hospitality and aiding in the enforcement of traffic regulations, these visitors will not be required to purchase a California license for their cars provided they have obtained or applied for a 1915 license in the home state. A conference of motoring authorities decided this matter yesterday.

ADMINISTRATION EMPLOYMENT BILL UP

Would Give State Power Over
All Labor Bureaus; Asks
\$150,000 for the Work

CAPITOL, SACRAMENTO, Jan. 19.—The administration's employment bureau bill was introduced in the Senate today by Kehoe. It attempts carrying out the recommendations in the governor's recent message.

It is not so drastic as independent employment agency measures, since it does not abolish privately owned agencies. It would put the employment bureau under the Immigration and Housing Commission. It also gives the commission the power to locate state bureaus where it is believed the best interests of citizens will be served.

The commission is also to control existing agencies, compelling them to secure a state license and conform to strict laws.

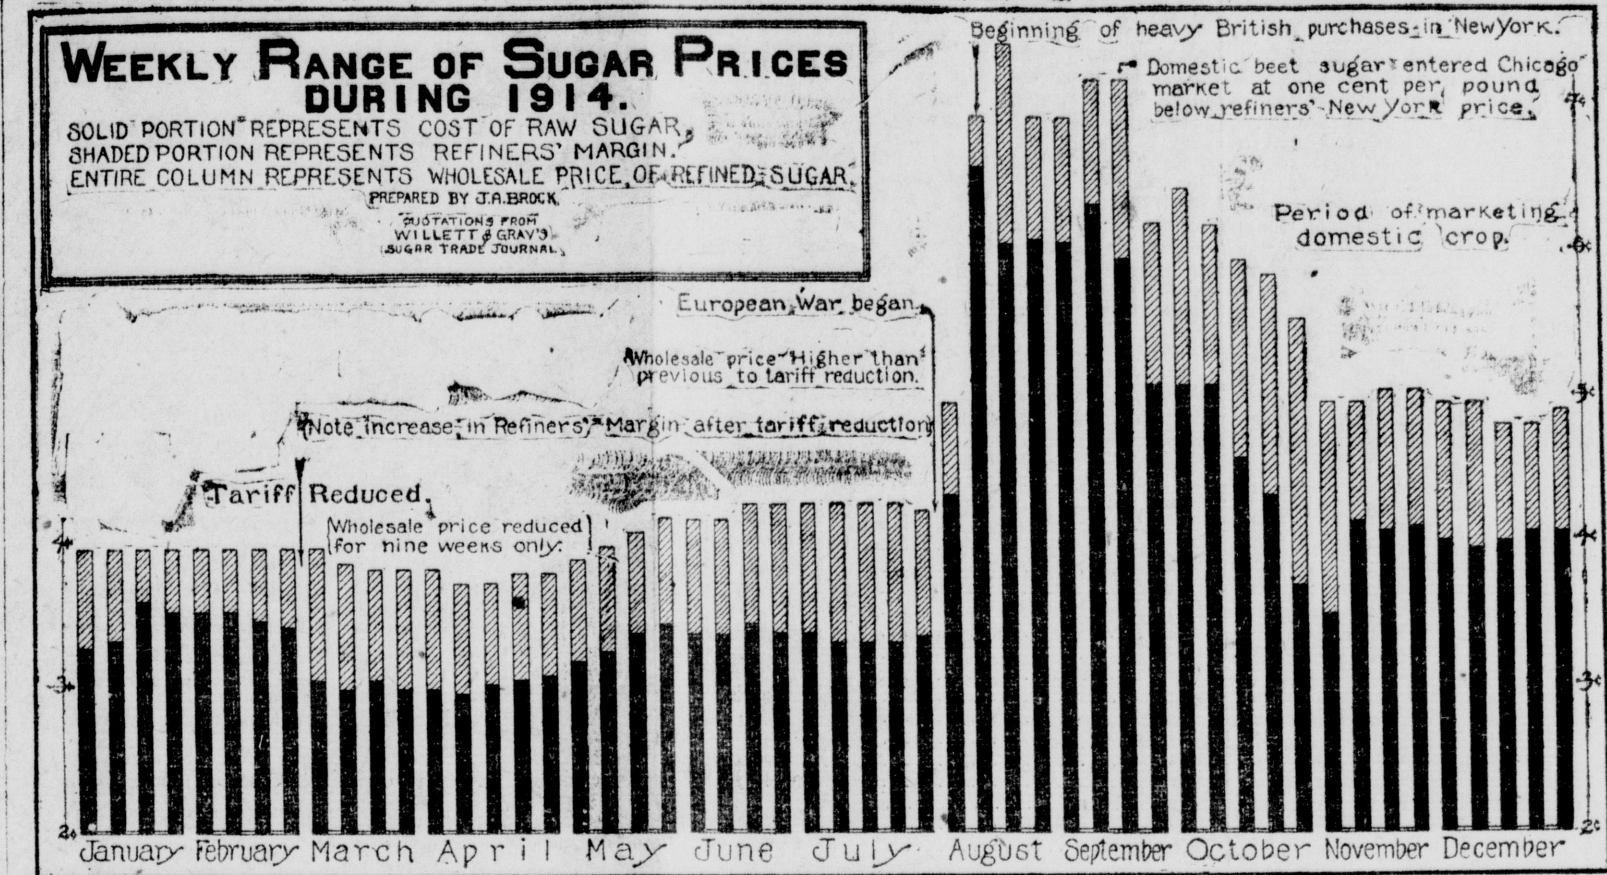

The bill carries an appropriation of \$150,000 for the work. Senator Birdsall today introduced the Weinstock rural credit plan bill known as the California land loan act. The bill is the first step toward the rural credit system outlined by Governor Johnson in his message. It is proposed to create a land commission to have general supervision whereby local districts may incorporate land banks, issue bonds and loan money on long-time mortgages on lands, the loans not to exceed \$4000 and note to exceed half the value of the land on which the loans are made.

PERKINS MAY BE TRIED THIS WEEK

COLUMBIA, S. C., Jan. 19.—The federal district court's January term opened here today with the case on the docket of George B. Perkins of Boston, charged with murder on the high seas. He shot and killed F. W. R. Hinman, manager of the Jacksonville, Fla., "Times Union," and wounded two others last November off Charleston, S. C., on the steamer Mohawk.

"FORE!" AT PALM BEACH
PALM BEACH, Fla., Jan. 19.—The new year golf tournament opened here today with unusually large representation of golf cracks and a big gallery of tourists.

U.S. Sugar Industry Far From Being in Precarious Condition Most Remarkable Twelve-Month in History Comes to an End

SOLOMON OF DIVORCE COURT HANDS OUT THIS ADVICE

CINCINNATI, Jan. 19.—"Women are three times as faithful to their marriage vows as men, but when strife is laid at their door it generally traces to complete ignorance of the art of cooking and a general unpreparedness for the marriage state."

Such is the logic of Judge Almon M. Warner who closes his career of six years on Cincinnati's "divorce bench" after hearing 6000 cases of domestic woe. Excerpts from Judge Warner's wisdom:

"If husbands have clean, comfortable, cozy homes, they will not seek amusement outside."

"A marriage founded on a month's acquaintance is almost sure to be shipwrecked."

"Young folks should know each other at least a year if they expect to live a lifetime in peace and love."

"Married folks should have kindred tastes and best of all—real love."

"Prospective voyagers on the sea of matrimony should ask themselves first: 'Will my affections remain the same when we are old and gray?'"

"Liquor is a foe to marriage and an aid to divorce."

"Among the wealthier people, 'the other woman' is most generally the husband's fault."

"When a woman falls, she falls far lower than a man."

"If I had not been sworn to uphold laws, only scriptural grounds and absolute mental incompatibility would be the grounds for divorce in my court."

"It is only the abnormally unusual family that needs court adjustment; there are millions of husbands and wives whose lives are perfect."

MEXICAN CAPITAL SCENE OF RIOT, DISORDERS

WASHINGTON, Jan. 19.—Rioting occurred today in Mexico City, followed by a general suspension of business. General Villa is reported now in the capital, and officials here are confident he will restore peace. It is believed here that Gutierrez has definitely cast his lot with General Carranza.

NEW YORKERS DISCUSS STATE TAX PROBLEM

ALBANY, N. Y., Jan. 19.—Immediate, drastic and radical revision of the state's tax laws was the keynote of the fifth New York state conference on taxation which opened today. Men representing all branches of state and city government are here to aid the conference.

Prospects Bright for Record Output and Better Prices During Season of 1915; California Production Cuts Big Figure in Price

[From "Facts About Sugar."]

The year 1914 was in many respects the most remarkable in the history of American sugar production. It opened most inauspiciously. The 1913-14 crop of home-grown sugar was the largest in the history of the country, amounting to 2,000,000 long tons, more than a quarter million tons in excess of the previous year's output.

During the latter part of December, 1913, the net price of refined sugar in New York, confronting this enormous supply, sank below 4 cents a pound for the first time in many years, and the average cash price during January, 1914, was over half a cent a pound below the average for the same month in 1913.

Reduction of Tariff
A menace more serious to the American sugar producer than the temporary loss caused by unremunerative prices was the fact that on March 1, 1914, there went into effect a 25 per cent reduction in the tariff rate on foreign grown sugar imported into the United States. This was the first step toward the entire removal of the customs duty on sugar, scheduled to take effect on May 1, 1916. It marked the complete reversal of the policy of encouragement of sugar production in the United States, which previously had been followed almost continuously by the federal government.

Decreased Acreage Planted
Many producers, feeling it useless to attempt to continue under the discouraging conditions facing them, or finding it impossible to finance their operations, since bankers were unwilling to advance money to an enterprise condemned to early extinction, abandoned the industry. Eleven of the seventy-one beet sugar factories operating in 1913 closed their doors and made no contracts for beets to be grown in 1914. Growers made smaller plantings, and the area sown to beets was reduced by 135,000 acres.

Recovery of Prices
By the middle of May the wholesale price of refined sugar in New York had returned to the same point it had occupied during the earlier part of the year, thus eliminating any difference represented by the reduction in tariff. A week later sugar was selling for the first time during the year at exactly the same level as on the corresponding date in 1913. In June the cash price of refined was 4.24 cents a pound, and it continued at this level to the end of July.

War Transforms Situation
At the beginning of August the sugar situation was suddenly revolutionized. The outbreak of war in Europe, involving the principal sugar producing territory of the globe, upset established relations in the sugar industry as completely as in the political world. Of the two great sugar buying nations, Great Britain and the United States, which annually import some 2,000,000 tons of sugar each and are the only first class powers that do not grow their sugar from their own soil, Great Britain was completely cut off from her accustomed sources of supply in Germany and Austria-Hungary.

High Prices Rule
The high level of prices established by the excited rush for sugar early in August continued well into the following month, until the new crop of home-grown beets, which in August began to be turned into sugar in California, came upon the market. At the end of the first week in September this beet sugar was offered freely in Middle Western cities at approximately a cent a pound below the refiners' New York prices. The American Beet Sugar Company offered 100,000 bags in Chicago at 6.25 cents a pound, as against the New York spot price of 7.10 cents. Holders of sugar, who, before the war, had contracted for a large proportion of the California beet sugar output at low prices, began re-selling at the same price.

During December the market for

raw sugar strengthened somewhat on account of heavy rains in Cuba, which held back the new crop in the island, and because of the growing conviction that the European war would last at least through 1915 and would maintain prices at or near their present level, or possibly even lead to an advance later in the year.

Value Demonstrated
One of the noteworthy features of the course of the sugar market during the year was the striking demonstration it afforded of the direct money value of the domestic sugar industry to the sugar consumers of the country. During the early months of the year the marketing of a record-breaking domestic crop, added to the heavy Cuban crop, brought about a period of low prices. By May 1, when this domestic supply was cut off the market and it was definitely known that the 1914-15 crop of home-grown sugar would show a decrease, prices advanced.

The one big lesson taught by the sugar history of 1914 is the one often repeated by those who are best informed regarding the American sugar industry, namely, that the only sure guarantee to consumers of a permanent supply of cheap sugar is to be found in the maintenance and development of the domestic sugar industry.

ROOSEVELT, N. J., Jan. 19.—Eleven strikers were shot, two probably fatally, when private detectives charged 400 strikers who had surrounded a train bearing strikebreakers to the Williams-Clark fertilizer plant here. The strikers boarded the train to dissuade the strikebreakers from going to work.

CRAZED BY TEMBLOR LOSSES, RUNS AMUCK

JEFFERSON JUNCTION, Pa., Jan. 19.—Crazed by the loss of his entire family, exterminated by the earthquake in Italy, Giuseppe Gabrindo today armed himself with two guns and ran amuck. After wounding five persons, one probably fatally, he committed suicide.

ROME, Jan. 19.—An unconfirmed report states that another earthquake was felt today in the province of Cosenza. There are no details.

The province was violently shaken, throwing thousands into panic. No casualties were reported to the government.

First reports of the quake had it as extensive and as terrible as the shake of last week.

COMMON MAN IS GREATEST BEING IN WORLD

—IDA M. TARBELL

Noted Writer Says Big Business is Coming to Realize Value of the Workingman

NEW YORK, Jan. 19.—"The common man is the greatest being in the world," Ida Tarbell, the noted author, paid this tribute to the workingman today at the investigation into the Rockefeller-Sage-Carnegie Foundation by the Federal Industrial Relations Commission.

The declamation came after Chairman Walsh had asked her what she meant by her statement that a "silent revolution is now in progress in the business world."

Continuing, she said, "Business is rapidly learning. Many employers are giving the laboring men full justice and opportunity. Business men are coming to realize more that the common man is cared for by their actions, make their own affairs properly successful."

"Scientific management," Miss Tarbell said, "is the silent revolution which is aiding all workmen."

Several members of the commission took exception to her testimony. Commissioner Garretson heckled her severely, but she held her own.

The witness enthusiastically defended the steel industry, which, she said, has "seen the light." She admitted, however, that at the present time women stripped nearly to the waist work around the coke ovens in Pennsylvania and other states. That, she said, was one of the present abuses being eliminated by the steel people.

She maintained that a certain steel magnate originated the "safety first" slogan. She declared the United States Steel Corporation was spending \$750,000 yearly on a safety educational program, adding that the procedure saved the corporations millions, also saving many lives.

L. A. POLICE ON TRIAL OF MOTORCYCLE BANDITS

LOS ANGELES, Jan. 19.—A sheriff's posse is today pursuing a pair of motorcycle bandits reported operating on the boulevards east of Los Angeles. They held up Roy Powell of El Monte this morning on the Valley boulevard and secured \$86. Several motorists report seeing suspicious appearing men.

THE ORANGE MARKET
NEW YORK, Jan. 19.—Nine cars of lemons and one of lemons sold. Oranges strong, slightly higher. Lemons unchanged. Avocados—Navels, \$1.62 to \$2.38. Highest—Heart and Mt. Whitney, \$2.55. Weather—Cloudy; temperature, 54.

WEATHER FORECAST

For Santa Ana and Vicinity—Fair tonight and Wednesday. Northerly winds.

U.S. SHIP FIRED ON, SEIZED, IS LAID AGAINST ENGLAND BY AMERICAN

BERLIN (wireless via Sayville), Jan. 19.—Charges of insult to the American flag and improper interference with his vessel was transmitted today to Secretary of State Bryan by Captain Farley of the American steamship Green Brier, now at Bremen.

Captain Farley alleges that on December 30 while his ship was proceeding along the German coast flying the American flag, a British cruiser fired a solid shot across her bows.

The British commander sent an officer aboard to examine the ship's papers. The officer then called the crew of his cutter aboard and signalled for more men. When these arrived, Farley says, the officer commanded him to haul down the American flag and hoist the British.

Farley refused. Then he was ordered to proceed to Leith, but refused to sail under the British flag, and was then permitted to go to Lieth under the American flag.

During the voyage, Farley alleges, the vessel was damaged by the incompetency of the British crew.

Reaching Kirkwall, he said, he was ordered to proceed to Leith, but refused to sail under the British flag, and was then permitted to go to Lieth under the American flag.

Later he was permitted to continue the trip to Germany.

The Green Brier was loaded with cotton from New Orleans.

LONDON, Jan. 19.—Frederick Palmer, the famous American war correspondent, who has been awaiting credentials for service with the British army as a representative of the United Press, left today for the front, officially accredited by the French government.

PARIS, Jan. 19.—The capture of additional field works in the forest of La Perthe, is reported by the war office this afternoon. A lull in the fighting at Soissons is also reported, but a renewal of the German assaults is expected hourly. There is heavy cannonading in Alsace and Arras today. Other French gains are reported.

BERLIN (by wireless to London), Jan. 19.—The official German statement this afternoon denied categorically the French claims of successes in La Boisselle and La Perthe. It is declared artillery fighting continues in both sections, but with no important developments. Snow and fog are generally hampering operations in the west. Russian assaults at several points east are reported repulsed with the capture of many prisoners.

LOS ANGELES, Jan. 19.—Hemmed in by flames on the second floor of a burning apartment house on North Broadway, Mrs. Isabel Moss leaped, sustaining probably fatal injuries. Two small children of Matthew Share, proprietor of the house, were saved by F. L. Jones, a vaudeville actor, who ran through the blazing halls and stairway. A general alarm called all of the city's fire apparatus to the fire, which was confined to three apartment houses, one of which was destroyed. Incendiarism is suspected.

BOY IS BITTEN BY DOG THAT HAD GONE MAD

Action is Urged Looking to Saving of Area Along Tracks of the P. E.

HUNTINGTON BEACH, Jan. 19.—On account of a case of rabies which was discovered after the dog had bitten a child, extra precautions are being taken to guard against other infection. The dog was heard howling and whining around in the eastern part of the city as early as Thursday night. During the day Friday it was also heard but little attention was paid to it. Charles Campbell, who works at the sugar factory, resolved to bring his gun home and shoot it if it was around again the next night. Before he returned the next afternoon, however, the dog had bitten his boy Merle, aged about eight years, and inflicted a wound in the boy's hip. A physician was called promptly and cauterized the laceration which was not very deep as the boy had on thick clothing. When the father came home he despatched the dog and under in-

'CASCARETS' ALWAYS STRAIGHTEN YOU UP

Tonight! Clean Your Bowels and End Headache, Colds, Sour Stomach

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.—Advertisement.

structions from the health officer the head was sent to Los Angeles for examination. The report came back to the effect that it was a bad case of rabies. The boy has since been taken to the Los Angeles institution for treatment although there is some hope that he was not infected owing to the thickness of the clothes through which the tooth of the dog had to penetrate before reaching the flesh. Miss Griggs has resigned her position as teacher of the Seventh grade and will return to Upland to accept a position in the schools there. Miss Stewart has been secured to fill the vacant position.

An election has been called by the trustees of the city school district to vote on the issuance of \$70,000 bonds to provide facilities for the rapidly growing schools. The election is to be held February 6 and the bonds are at the denomination of \$1000 each, two bonds to mature each year until 1950. W. S. Hill has been named as inspector, Mrs. H. B. Little and C. W. Warner as judges of the election. As the additional facilities are badly needed it is not expected that there will be any serious opposition to the issue.

Debating Series At a meeting of the Southwestern Debating League held Saturday at the Polytechnic high school in Los Angeles the schools were matched for the third series of debates. Huntington Beach, Santa Ana and Santa Monica are in the third triangle. Huntington Beach going to Santa Ana, Santa Ana to Santa Monica and Santa Monica to Huntington Beach for the contest which will be held on March 12. The championship lies between Pomona, Long Beach and Los Angeles Polytechnic, Pomona having won all four of her debates and the other two having won three each. Pasadena, Lincoln high of Los Angeles and Glendale are in the third triangle with Manual Arts, Huntington Park and Santa Monica in the fourth.

In a spirited bowling contest the Huntington Beach team defeated the Seal Beachers last week by the score of 2161 to 2157. The visitors from Seal Beach took two out of three games but the total of pins fell short. Huntington Beach people have been particularly interested in the compilation of census statistics on account of the fact that this city shows the largest percentage of growth of any where the census was taken. The percentage here is 102, Newport Beach being next in order with 82 per cent, then Fullerton, 81 per cent; La Habra, 70 per cent; Anaheim, 58 per cent; Orange, 50 per cent, and Seal Beach, 32 per cent.

Wearing Away On account of the combined action of the tides and the tremor caused by the passage of Pacific Electric cars, the bluff between the tracks and the beach is gradually growing narrower and unless some action is taken soon, either by the city or the Pacific Electric the tracks will be endangered and the possibilities of beautifying the front will be gone. The process of wearing away seems to be going on most rapidly in the neighborhood of Twelfth street. The expense of a bulkhead and retaining wall would be very great. However, in some of the cities where the car line goes along the bluff this has been found the only means for preserving the bluff. Such an improvement would add immensely to the beauty as well as the safety. Already there are large cracks to be noted in some cases extended back almost to the tracks. The burrowing of ground squirrels adds to the hazard from this cracking, for when a crack comes to one of these subterranean passage ways it immediately widens and extends. It is becoming more and more evident that some action should be taken at once.

The high school debating team at home was successful in defeating South Pasadena Friday night, securing a unanimous decision of the judges. The team at Polytechnic was defeated by a unanimous decision. Both debates were close and showed good preparation on the part of the debaters. The next debate will take place March 12. The Sophomore basketball team overturned all "dope" by defeating the Juniors by a score of 16 to 11. The Junior team is composed of five players who played either as regulars or subs on the school team and has several good substitutes. Several of the Sophomores had played as sub in some of the games, but it was not expected that they could successfully hold their own against the Juniors. The Sophomores had previously defeated the Freshmen 24 to 2. As there are only two boys in the Senior class the Seniors and faculty have combined to play the Sophomores.

GIRLS! DRAW A MOIST GLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at Once Immediate?—Yes! Certain?—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Dandierine hair cleanse. Just try this—moisten a cloth with a little Dandierine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Dandierine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes, but really new hair, growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Dandierine from any drug store or toilet counter and just try it.—Advertisement.

1915 CITRUS CROP IS SET AT 37,953 CARS IN THE SOUTH

The Riverside Press gives herewith its annual estimate of the orange and lemon crop of the state for the season of 1914-15. Taking Southern California as a whole, the orange crop will run about 20 per cent lighter than last year, when we shipped 39,024 cars. This year's estimate totals 31,500 cars. The lemon crop last season was only 2954 cars, and the estimate for this season is 6450. Except in San Diego county, the lemon crop will be nearly normal.

The shipments from north of Tehachapi are heavier this season than last—oranges, 5650 cars, nearly all shipped already, and lemons, 350 cars. This brings the total estimated output for the entire state up to 43,950 cars of citrus fruit, which should bring the growers from \$16,000,000 to \$20,000,000.

The detailed reports which follow indicate a crop of exceptionally fine quality and running to desirable sizes.

Cars Oranges, Northern California
Tulare 5650
Butte 400
Sacramento and Placer 140
Kern 60

Total 5,650
Total cars oranges for state....37,150
Total cars citrus fruit for state..43,950

Crop Orange District Put at 2750 Cars For the district east and south of the Santa Ana river in Orange county my estimate of the crop is 2200 cars of oranges and 550 cars of lemons. The orange crop is somewhat lighter than last year and the lemon crop is heavier.

The fruit is somewhat earlier than in previous years, and the quality is fine. The fruit is running to medium sizes.

We begin regular shipments about January 10.

D. E. HUFF.

Placentia Shipments About 1100 Cars Placentia shipped 1248 cars last year—about 150 cars more than we estimated at the beginning of the season. The crop is somewhat lighter this year, and I should estimate the total at 1100 cars. The fruit is well matured and of good color and will run to large sizes. We did not ship any navel for the holiday, but have begun regular shipments.

A. S. BRADFORD.

Fullerton Estimate Is for 750 Cars In answer to your inquiry about the orange crop at Fullerton, will say that we are not expecting the amount of fruit we had last year. The navel crop, especially, is light. Young Valencia trees very generally have a very light crop. The estimate for this season will be 750 cars.

The navels are quite as fully matured as in any former year that I can remember. The sizes are large and the quality promises to be good.

CHARLES C. CHAPMAN.

Shipments will not begin until after the middle of January.

Anaheim Crop Is Somewhat Lighter We find that our crop is lighter than last year. This especially applies to navels. This variety, owing to the irregular blooming of the trees, has in many cases three distinct crops. That all of these crops will mature sufficiently to market them is hardly possible. We estimate the crop at 450 cars.

Our Valencia crop is good. This variety also has a second and third crop, but not so marked as in the navels. Quality of all varieties is good. Practically no fruit was shipped prior to Christmas. Regular shipments will not commence before the middle of January. Size and color are satisfactory.

ANAHEIM CITRUS FRUIT ASSN. G. W. SANDILANDS, Secy.

WONDERFUL FILM AT THE TEMPLE TONIGHT

One of the most talked of pictures in the country is to be seen at the Temple Theater tonight and tomorrow. It is called "The Bargain" and is truly a Western play. This production was enacted in the Grand Canyon of Arizona, one of the wonder spots of America, and all through the play these beautiful scenes are shown. A marvelous feature about this picture is the ride for life of the two-gunnman, Jim Stokes, while being pursued by the sheriff and posse, his horse stumbles and both rider and horse roll down the side of the great mountain for hundreds of feet, over and over. This being a real enacted fall and no fake work has made this the greatest feature in America today.

The plot of the play is woven about the life of Jim Stokes, a desperado, stage robber and dare-devil man, and is absorbing and thrilling from start to finish. No one should miss seeing this play which is the greatest production ever produced. The play has a splendid moral, showing how a man of such a character can be transformed by love into a useful citizen.

HE WOULD ABOLISH STATION PORTERS

CHICAGO, Jan. 19.—Insistent demand will be brought to bear on hotel keepers and station masters throughout the United States to abolish the railway station porter, if the plans announced today of C. A. Wooley of Chicago are successful. The movement has the backing of the United States Commercial Travelers.

BELGIANS CANNOT COME JUST NOW

LINCOLN, Neb., Jan. 19.—Belgians cannot now co-operate with organizations of Nebraska or with citizens of other states to organize a movement to place on farms in this country desirable immigrants from that stricken land. A letter from Minister Haventh of Belgium to Secretary Whitten of the Lincoln Commercial Club conveys this information.

WALTER JOHNSON CHICKEN FANCIER

WASHINGTON, Jan. 19.—With some coops shown by Pitcher Walter Johnson from his Kansas farm, the annual show of the Capital Poultry Association opened today.

WOMAN SERVES AS SENATE PRESIDENT

PHOENIX, Jan. 19.—For the first time in history a woman today served as president of a State Legislative body. Mrs. Frances Munds, Senator from Yavapai county, was called to the chair of the State Senate by President Sims.

"Let's get down to business," she remarked. She then reproved a senator who addressed her as "Mr. President," rushed several bills through the Senate as committee of the whole and corrected several senators on parliamentary procedure.

ENGINEERS AND BUILDERS TALK WOOD PRESERVATION

CHICAGO, Jan. 19.—Methods of preserving woods so that they may be made more resistant to rough usage and less combustible, was the principal proposition tackled by speakers at the opening session in the Congress Hotel today by the American Wood Preservers' Association.

FIRST MEETING SEAL BEACH C. OF C. FEB. 3

SEAL BEACH, Jan. 19.—The first regular meeting of the recently organized Seal Beach Chamber of Commerce, to which a number of well-known boosters for the south coast have been invited, will be held on February 3. Following are the officers of the new Chamber of Commerce: R. D. Richards, president; A. M. Simmling, vice-president; C. A. Little, treasurer; A. L. Havens, secretary.

STAY OF EXECUTION IS GRANTED LEO FRANK

WASHINGTON, Jan. 19.—The Supreme Court today ordered the execution of Leo Frank of Atlanta, stayed, and directed he be held until further notice. Frank was sentenced to execution next week for the murder of Mary Phagan, aged 14, whose body was found in his pencil factory.

Scrip

A mile in travel for a dollar in trade

IN Santa Ana "Scrip" is given by the Gordon Grocery Company, 315 West Fourth street. "Scrip" is given with every purchase of 10 cents or more—no matter what the amount or when bought.

"Scrip" entitles you to first-class transportation anywhere, at the rate of a mile in travel for a dollar in trade. If you buy a dollar's worth of sugar you get a mile of "Scrip." Ten cents worth of crackers gives you a tenth of a mile of "Scrip." It can be redeemed any time.

"Scrip" is given by leading merchants everywhere as an appreciation of patronage and to attract new business. If you want to see the expositions; go to the city—save "Scrip."

NEW YORK SEEKS THAW ON CONSPIRACY TRIAL

WASHINGTON, Jan. 19.—Deputy Attorney General Kennedy of New York today applied to the U. S. Supreme Court for a mandate directing the New Hampshire authorities to surrender Harry K. Thaw to New York. The court recently ordered Thaw, who escaped from Matteawan Asylum, extradited from New Hampshire to New York. Thaw's counsel indicated that he would offer no resistance to extradition when the proper papers are presented.

CITY TRUSTEES

SAME WARDS TO
BE USED NEXT
ELECTION

City Will Be Divided Into Ten
Precincts Observing Lines
of County

FIRE ENGINE READY
FOR A DEMONSTRATION

Roy Says West Fifth Paving to
Proceed Rapidly; Exten-
sion Given

The uncertainty as to whether or not the city is going to have the present city wards continued in service for the next election is over with. There is going to be no change in the ward lines. City Attorney Heathman projected an ordinance into the meeting of the City Trustees two weeks ago as a pointed suggestion that he thinks the lines ought to be changed. The suggestion was smacked between the eyes last night so far as changing ward lines is concerned, but the attorney won one suggestion, and that was to divide the city into ten precincts. That is going to be done.

It will be remembered that some months ago the council by a three to one vote passed an ordinance electing trustees by a citywide vote, though nominations are to be made by wards. Hitherto a ward voted upon its councilman and upon no other.

Along about a month ago there

DRINK HOT TEA

FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND
LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with
a small bottle of old honest
St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

Have You Chickens?

Do they lay? If not, why not try our special foods. In order to lay, hens must have a balanced ration. Come to our store. Let us show you the different foods.

SANTA ANA PRODUCE CO.
4th and Main Sts. 311 N. Main St.

arose a terrible suspicion that the ordinance was full of holes, and a close examination of it disclosed that it was not just exactly what it ought to be. Under the law the ordinance should have described the wards, giving the bounds by streets. The ordinance that produced the citywide vote had spoken of five wards, but it did not describe them.

It is conjectured herewith that it was necessary to pass another ordinance, in order to perfect it, and to include in it the city ward descriptions. The city attorney in preparing the new ordinance took upon himself the liberty of enlarging Ward No. 1 by giving it slices from Nos. 2, 4 and 5. Trustee Alderman two weeks ago objected to the change, saying that if the city is to be re-warded, each ward should run to the city limits so that thinly settled as well as thickly settled territory would be included.

Last night the ordinance came up for second reading and final passage. It got neither. The matter was put off for a week, but the Trustees reached a conclusion as to what they would stand for, and the city attorney was directed to prepare an ordinance accordingly. When it gets right down to cold facts, the vote on the ordinance should be taken in two doses, one to determine whether or not the city wants ten election precincts instead of five, as has hitherto been used, and the other to decide whether or not it wants to ratify the old ordinance giving a citywide vote on trustees nominated by wards.

Registration Blocks

Things were muddled up considerably for a time last night. The city attorney had directed the city into five wards and into ten precincts without regard to the lines of the county precincts. It was pointed out that the registration books to be furnished by the county clerk has voters registered in accordance with the county precincts and it would be a matter of convenience to have the city wards and precincts conform to the county precinct lines.

City Clerk Lester said that it would be possible to hold an election under the attorney's plan, but that it would be very confusing to voters and election boards.

Col. Heathman replied that Santa Ana had been holding elections that way for twenty years and had no trouble. Grubb declared that he did not believe the city would ever get through an election as planned by the Colonel.

Heathman declared that even if the ward lines should not be changed, the city ought to establish ten precincts so that the election could be held with some degree of ease. He said that the city had never had but five precincts at election, and it is time to change.

Here indeed came a victory for the Colonel. Grubb, McPhee and Ey said he must be wrong for when they were elected each had two polling places in his ward. The Colonel stood pat and argued it for keeps. McPhee went down and looked up the record, and lo and behold the city attorney was right, absolutely right. There were but five precincts.

Passing that, it was decided to have ten precincts. The method to be used is to follow ward lines as now laid out. If a ward has three precincts for county registration, the city will combine the two smaller ones into one, thus establishing two precincts in that ward. Grubb and Alderman were appointed to aid the city attorney in drawing up the ordinance.

Extension Given

G. C. Roy, receiver of the Crandall Construction Co. said that he has material on the ground for the paving, cement arrives today, and the base should be finished in ten days. He said the contract period with Crandall expired on Dec. 26. He asked an extension of sixty days from that date. The city attorney said the extension could be granted after the period had expired, provided the bonding company on Crandall's bonds agreed to it. Mayor Ey was authorized to see to the bonding matter, as well as to the question of whether or not Crandall's employer's insurance passed over to Roy. The extension was granted on provision these changes are made.

Engine Finished

J. W. Tubbs, local agent of the White fire engine, said that the one

THE EASIEST WAY
TO END DANDRUFF

Stop Falling Hair and Itching Scalp.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly, dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

contracted for by the city is finished and ready for the test in Los Angeles, the test being the one used by the Los Angeles fire department. It was arranged that the trustees will go to Los Angeles to see the machine run on Thursday.

Fred Seifert of the Fourth Street Hardware Co. asked for a permit to put up a sheet-iron building at the rear of the store. No permit was necessary.

The committee named to investigate the petition of property owners in a section of the northwest part of town for fire plugs reported in favor of the project when materials are on hand. The report was adopted.

Doesn't Like It

Mayor Ey said that he thought the council ought to name a committee to investigate the bonding companies. He says most bonds are not good, because when the trouble comes the company refuses to pay and the injured party has to sue. He said the city ought to know which companies live up to their bonds.

McPhee said that so far as he knew the city had never had to sue to any bond it has taken, not in years at least.

The request of the Southern Counties Gas Co. that its franchise be transferred to a trust company in New York that holds its bonds was granted.

Contract Let

On the report of a committee, the contract for building new water works was let to Grouard & Young, who bid \$4700. The plastering also goes to them.

On the report of a committee, a permit was denied for a gasoline tank at 1028 East Fourth street. The reason was that the petitioner wants to put the pump in the parking.

Permits were granted for removing three trees near Second and Broadway and a pepper tree on West Fifth near Baker.

Let Up on Jitneys

Col. Heathman said that he had learned that there are only two or three insurance companies that will issue accident policies to jitney busses and he was informed that those companies are not much good. He said the cost is \$200 a year per auto for a \$10,000 policy. He said he did not think it would be safe for the city to ask a bond.

Ey and Alderman said the state legislature is considering laws regulating the jitney bus. For that reason the city postponed action regulating them. "Colonel," asked McPhee, "do you know what the word 'jitney' means?" "No," said the Colonel. "I do not. To me it is in the same class as cockney. I don't know what cockney means. Both words come from England."

Passes the Buck

City Clerk Lester said that the city superintendent of schools had sent back paying bills of \$195 for paying in front of the West Fifth street school and \$465 for sidewalk repairing, with the statement that the school board had made no provision for paying the bills.

Alderman said he thought the excuse a thin one, and he moved that a committee be appointed to interview the school board.

Asked if the bill was the city's or school district's, the city attorney said that when paying is done in front of public property the cost must be distributed among property owners of the street or met by the city. He said the schools would not have to pay the bill.

Alderman and Grubb and Engineer Bonebrake were appointed on the committee.

Check Is Received

A check for \$204.33 was received from the P. E. The company's statement showed that the total mileage of the P. E. system is 696.365 miles, of which 1.73 is under franchise in Santa Ana. The total earnings of the company last year was \$7,161,806.65, of which \$20,433 by proportion of mileage was earned here. Under the franchise, the city gets \$204.33.

TAKE PRISONERS
OUT TO WORK
ON ROADS

Tomorrow fifty prisoners will be taken from the county jail to W. Fifth street under guard. Each prisoner is to be given an implement and he will be put to work on weeds, brush and earth.

The work is to be done under the direction of County Forester J. M. Grant, who is preparing the roads from the Fifth street bridge through Garden Grove to the Anaheim road for the planting of highway trees.

Sheriff Jackson is anxious that the greatest possible use be made of prisoners upon public works, and during the last week twenty-five prisoners have been used in getting the grounds of the county hospital into shape for planting lawn, shrubbery and trees. Six or eight men from the jail have been employed at the county nursery.

JUDGE WILBUR
HERE TONIGHT

Prominent Jurist is to Speak to
Men on Subject of 'Our
Boys and Girls'

Tonight Judge Curtis D. Wilbur of Los Angeles is to speak at the First Presbyterian church of Santa Ana upon "Our Boys and Girls." The address is to be delivered under the auspices of the Brotherhood of the church, but the invitation to be present is to all men who desire to attend. Judge Wilbur gained a great deal of fame while he was judge of the juvenile court in Los Angeles. At present he is in charge of one of the superior court departments handling civil cases.

FIGHTING AGAINST
ALFALFA WEEVIL

Ways Found of Protecting the
Crop Against This Im-
ported Pest

WASHINGTON, Jan. 19.—Several methods of fighting the alfalfa weevil have been worked out by the Bureau of Entomology of the U. S. Department of Agriculture, according to the report of the bureau's activities for the year ending June 30, 1914. Valuable results, it is said, have been obtained from pasturing by hogs during the weevil's egg-laying season, and practical methods have also been found of poisoning the larvae in the field. A single economical spraying in the early spring will also protect the first and second crops. After the first crop has been removed, however, the most efficient tool that can be used has been found to be an ordinary spike-toothed harrow with the teeth laid flat and several layers of open wire fencing stretched beneath. Parasites have also been introduced from the original home of the weevil, and they are expected to produce good results. Thus far this weevil has not spread greatly.

A native weevil known as "Compus auricephalus" has been found in Oklahoma. This pest does some damage to alfalfa and also to growing wheat. Its life history is now being carefully studied.

HANDSOME REALTY
OFFICE IS STARTED

What is conceded to be the most handsome realty office in Orange county has been fitted up by the Holmes Loan & Realty Company at 501 North Main street, corner Fifth. Mahogany fixtures, of the kind usually found only in banking institutions, have been installed. The company is moving into its new quarters today. It formerly occupied offices at 109 East Third street.

ERNIE JOHNSON IS
SIGNED BY OUTLAWS

It was definitely yearned yesterday by Vic Walker of Hill & Walker's sporting goods store that Ernie Johnson, the crack shortstop of the Los Angeles ball club, had been signed by the Kansas City Federals. George Stovall, manager of the Federals' team, gave Johnson \$4,000 a year and a handsome bonus for his signature. Johnson is wintering at Laguna Beach with other baseball players. The signature to the contract was signed there last Friday. He expects to start east about February 22.

PROOF OF LABOR
ON TRABUCO
CLAIMS

Comer Alleges That During
1914, \$4,829.97 Was Spent.
Developing System

L. C. Comer, private secretary of Gail Borden, successor of the Santa Ana Tin Mining Company in interest in thirty-six claims in the Trabuco Canyon, has filed a proof of labor for 1914. The statement made by Comer for Borden is that during 1914, \$4,829.97 was spent in development work, repairing bridges and working on roads, and that from three to seven men were employed continuously throughout the year.

The statement is also made that it is the intention of the owner to develop the mines as a system of mines, and that the work that has been done has been done with that idea in view.

LUMBER MILL
EMPLOYEE HURT

William J. Scamman of 1326 Logan street, one of the oldest employees at the Griffith Lumber Company's mill on East First street, sustained severe lacerations of the first forearm at about 8:30 o'clock this morning when he became caught in a sticker machine he was operating.

Scamman's sleeve was caught in the swiftly revolving heads holding a piece of molding in place. Before he was able to tear himself away the flesh was being ground in the machine. The sticker stopped. Other employees rushed up, ran back of the machine and extricated Scamman.

The injured man was first taken to Dr. J. M. Burlew's office in the Spurgeon block and later to the Santa Ana hospital, where the wounds were dressed.

One of the bones of Scamman's arm was broken and the flesh badly lacerated. Dr. Burlew says that the man will not lose his arm.

AMATEUR BILLIARD
RACE WARMS UP

Two winners of the preliminary three-cushion amateur billiard matches met last night at the Alexandra parlors, Ellis H. Smith defeating Royce Lantz by a score of 25 to 12 in 47 innings. Smith scored one run of 3 and four runs of 2. Lantz registered four runs of 2.

Fred Hamlin defeated Henry Quintana, 25 to 17, in 47 innings. Hamlin scored a run of 3 and four runs of 2. Quintana made two runs of 3 and three runs of 2.

Some time during tomorrow Joseph Schenkein will meet the winner of a match to be played tonight between Fred Hamlin and A. E. Van Doozer. The winner of tomorrow's match will meet Ellis Smith tomorrow evening in the final game of the series.

BREAKS A COLD IN
JUST A FEW HOURS

'Pape's Cold Compound' Ends
Grippe Misery—Don't Stay
Stuffed-Up!

You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.—Advertisement.

THE WAY OUT

In voting the good roads bonds, and planning the good roads system of this county, the people and the highway commission and the supervisors based their actions always on the theory of the greatest good to the greatest number. It was always and everywhere a county proposition, never a district or sectional project.

Thus the surplus in the good roads bonds funds belongs to all the people of the entire county and should be expended for the benefit of all the people of the entire county.

Aside from this consideration it would be impossible to expend it on a sectional basis without creating bitterness and strife and fostering sectional jealousies and prejudices—on general principles a very bad thing to do.

Of course any new road that may be constructed would, of necessity, be of greater benefit to the section through which it may pass than to some other, or perhaps to any other section. But what new road work would be of greatest benefit to the entire county?—that is the question.

In considering this question the argument seems conclusively in favor of using such an amount of the good roads bonds surplus as may be needed to properly complete the Santa Ana Canyon road from Olive to the county line. Every resident of this county, no matter where he may reside, would use this road in going to Corona, Riverside, Elsinore, San Jacinto, Perris, Hemet, Colton, San Bernardino, Redlands—indeed anywhere in Riverside or San Bernardino county. Likewise all people coming into Orange county from the north and east would use the Santa Ana Canyon road. And Orange county beach resorts get most of their business from the San Bernardino-Riverside-Redlands sections. With a broad paved road all the way from these and other interior cities to Huntington Beach and the Newport Bay resorts, to Bay City (Seal Beach) and Long Beach, leading through the very heart of the county, the benefits to the entire county would be tremendous.

And many of the arguments in favor of the Santa Ana Canyon road as a means of benefit to the entire county apply with equal force to the proposed coast boulevard towards which the coast people propose to contribute

\$100,000. Such a contribution alone, considering the coast boulevard as a sectional enterprise, would give it an advantage over other sectional propositions. But the splendid harbor possibilities of Newport Bay, the growing importance of the Orange county seaside resorts, the comparative undeveloped of much of the territory lying west and south of Santa Ana—all considerations of general county importance—present strong arguments in favor of the coast boulevard that cannot be regarded as sectional arguments.

Looking at the matter from every point of view it would seem that the Santa Ana Canyon-coast boulevard proposition constitutes a logical compromise of the controversy as to what shall be done with the good roads bonds surplus.

"MADE IN AMERICA" UN-POPULAR

The "Made in America" exhibit, planned at Carnegie institute, Pittsburgh, has been given up. American manufacturers said they did not wish to admit that their product was made in this country. They report a popular impression that European manufactures are superior.

This impression is probably due to the business joy-riding of a former period. "Twenty years ago," said a shoe manufacturer recently, "anything went. You could put up a shoe with a pancake heel of ground up leather chips, pasteboard counter, and an upper cut out of the loose leather in the belly of a hide. Skillfully dressed, it looked good. You could sell it for fifty cents a pair under a good shoe. People would buy them over and over again, even though they wore poorly."

"Today," he continued, "people pay their good money to get the best stock there is and it would ruin my business were I to cut the kind of material that we built up our business on."

Probably these conditions prevailed in many other trades. Twenty years ago was a period of fake advertising. It was anything to work off the goods and get away with the money. You might get the same man's money over and over again, as he might fare no better if he tried other goods.

Today every substantial dealer, retail and wholesale, pushes his best goods the hardest. He knows that the best material is none too good, and that only by giving satisfaction can he build up permanent trade.

There is probably no other country on earth today where producers take such pains to turn out honest goods as in the United States. If our business men lose trade as the result of the prejudice referred to above, they are paying for the mistakes of a past generation. But wide awake people know that a different spirit prevails in American trade today.

Sympathy

Mrs. G.—My husband walks in his sleep. Mrs. Youngwed—I wish I could get mine to. His daily work is so confining the poor fellow gets hardly a bit of exercise.—London Answers.

\$5 Dutchess Trousers now \$4 W.A. HUFF

INSURANCE COMPANY HAS POLICIES THAT TOTAL OVER MILLION

By an error, the report printed in the Register yesterday of the appointment of C. W. McNaught as secretary of the Orange County Farmers' Mutual Fire Insurance Company stated that the company had \$550,000 of insurance written. The correct amount is \$5,372,000.

NOTICE OF STOCKHOLDERS' MEETING OF THE SANTA ANA COMMERCIAL COMPANY

—The regular annual meeting of the stockholders of the Santa Ana Commercial Company will be held at the office of the principal place of business of the company, 1105 East Fourth street, Santa Ana, Orange County, California, on Wednesday, January 20, 1915, at 3 o'clock p. m., for the purpose of electing a board of directors for the ensuing year and for the transaction of such other business as may come before the meeting.

J. W. TUBBS, Secretary.

NOTICE TO THE PUBLIC

—I have disposed of my dairy business, cows, equipment and good will to the Aliso Dairy Company. I wish to thank all my customers for their patronage and respectfully request that they will in the future continue with my successors.

F. H. FINNEY.

—The Aliso Dairy Company is now the best equipped dairy in Orange county and is in a position to supply all customers with the best and most sanitary handled milk and cream.

ALISO DAIRY COMPANY.

C. F. Heil J. V. Raitt

THIS IS A BAD MONTH

—The indoor life of winter, with lack of outdoor exercise, puts a heavy load on the kidneys. Nearly everybody suffers from rheumatism, backache, pain in sides and back, kidney and bladder ailments. A backache may not mean anything serious, but it certainly does not mean anything good. It's better to be on the safe side and take Foley Kidney Pills to strengthen and invigorate the kidneys and help them do their work. They help rid the blood of acids and poisons. Sold by all druggists.—Advertisement.

WORKMEN'S COMPENSATION INSURANCE
O. M. ROBBINS & SON!

Pre-Opening Sale of Lots in Polytechnic Villa Subdivision
We have taken the exclusive selling agency of this subdivision, and for a limited time can offer a small number of lots in this restricted district at a great discount, upon easy payments with low rate of interest. The sewers, water and gas are already in, and these lots will be sold with a guarantee from owners that streets will be graveled and oiled, that all sidewalks and curbing will be built, that parking will be completed and that trees will be planted.
While Improvements are being completed
20% discount from list prices
will be given to the first ten persons buying lots!
For the purpose of securing the erection of a few houses:
40% discount from list prices
will be given to the first five persons buying lots on which houses are erected within ninety days from date of purchase.
All lots in this entire subdivision will be sold under restrictions, which means that the POLYTECHNIC VILLA SUBDIVISION will soon become one of the best residential districts of Santa Ana, and under this very liberal proposition anyone desiring a home can secure it with a cash payment of only 60 per cent of value of lot and a monthly payment very little, if any, more than rent.
To persons desiring to make a quick profit on a small investment, this is their chance if they come in time. We will be pleased to show these lots with auto and explain terms of payment at any time.
If purchaser pays for lot and has not the money to build a house we will loan the funds necessary on easy monthly payments.

MUSIC PUPILS PLEASE

Orange County Conservatory Gives Excellent Program Saturday Afternoon

Some of the music pupils of Mr. Fraser, at the Orange County Conservatory of Music, gave a pleasing recital at the conservatory studio Saturday afternoon.

There was an excellent attendance. The program was well selected and artistically rendered, the pupils playing with ease and technical control. Good shading, tone quality and interpretation marked each selection. Among them were a number of "Progressive Series" students, taking music for high school credit. After the recital Mr. Gustlin gave a brief talk on "Recital Ideals and Experiences."

Following is the program:
Second Mazurka..... Godard
Miss Blanche Hill
Waltz..... Durand
Miss Vivian Newman
Fanfare..... Dubois
Miss Elsa Reuter
Consolation..... Mendelssohn
Waldo Burgess
Monastery Bells..... Wely
Ireta Coulson
Sonatine (Allegro)..... Diabelli
Mamie Armstrong
Waltz in D's..... Chopin
Hazel Chapman
Sicilienne..... Schumann
Lenora Phiney
Prelude..... Chopin
Christina Berghofer
Polonaise..... Chopin
Mildred Murphy

TO THE LADIES

OF SANTA ANA

My predecessor, in charge of the social news department of the Register has told me how kind the ladies of Santa Ana have been in the way of giving her assistance in her work; and I am encouraged to hope that they will not withhold their helpfulness from me. My need of it is great and my appreciation of it will be measured by my need.

Call me up early, between 8 and 9 in the morning if possible, and tell me about your party, your dinner, your guests, your trips. Tell me about any party or social activity among your friends and acquaintances, so that I may call them up for particulars.

Lodge and church and club people are urged to send in reports of their social affairs. It is almost impossible for me to get them in any other way.

On my part, I will try in every way possible to merit your confidence, your favor and your help.

ZELMA W. STURGEON,
Society Editor.

DINNER PARTY

Mr. and Mrs. J. J. Roper Entertain Flinch Club at Pleasant Evening Affair

A delightful affair of Wednesday was the dinner party and evening at flinch, with which Mr. and Mrs. J. J. Roper entertained at their attractive home on Orange avenue.

Lovely pink roses were used as parlor decorations, while fragrant roses and carnations added their charm to the living room where the members of this flinch club, of which the host and hostesses are popular members, spent a merry evening.

Violets had been chosen for dining room decorations and an artistic mass of these beautiful flowers centered the dinner table where places were laid for twelve. Miss Ethel Roper assisted her mother in serving the appetizing three-course dinner.

The evening passed pleasantly, with games of progressive flinch, and those who thanked their hosts for their hospitality were Mr. and Mrs. J. W. Bishop, Mr. and Mrs. L. J. Carden, Mr. and Mrs. H. C. Dawes, Mr. and Mrs. C. S. Kendall, Miss Elsie Bell and W. C. Ulrich.

Missionary Society

The missionary society of the First Congregational Church will meet Wednesday afternoon at 2:30 o'clock with Mrs. A. H. Pease, 1110 Spurgeon street.

Miss O'Brien will lead the devotional services and Mrs. N. A. Beals will review chapters three and four of "The Child in the Midst."

Mesdames Johnson and Chapman will sing and there will be other special features of entertainment.

All women of the church and congregation are invited.

Book Review Section

The Book Review Section of Ebell Club will meet tonight, January 19, at the home of Mr. and Mrs. Walter Tedford, North Broadway, beginning at 7:30. Mrs. Emory Ratcliffe will present a paper upon "The Short Story—Its Place and Development in Modern Literature."

IMPORTANT NOTICE

Paul C. Brown Here to Conduct Special Meetings for Young People

Beginning tomorrow evening, special meetings for the young people of Santa Ana will be held in the First Presbyterian Church, to be addressed by Mr. Paul C. Brown, state field secretary of the California Christian Endeavor Union. The meetings will close next Sunday evening with a rally of all the Young People's societies, following which Mr. Brown will take the evening church service for his closing address.

Word was received yesterday from Los Angeles that Mr. L. F. Peckham will be in Santa Ana for these meetings to assist the young people by taking charge of the music. Mr. Peckham has become famous in Christian Endeavor circles for his wonderful ability in getting folks to sing. At the time of the International Convention in Los Angeles, he trained and led the great chorus of a thousand voices, which has been called the finest chorus of its kind ever organized. During these meetings the audience will be Mr. Peckham's chorus, but he will have, besides, some special music and solo work.

The service Wednesday evening will begin at 7 p. m., and every evening after that at 7:30 p. m. at the First Presbyterian Church. For the last seven years Mr. Brown has traveled from fifteen to twenty-five thousand miles a year in California in field work, and is a man of wide experience. A cordial welcome is extended to every one to hear him during his stay in this city.

Juvenile Party

Little Miss Josephine Crookshank, daughter of Mr. and Mrs. A. J. Crookshank, was six years old yesterday, and a dozen of her neighborhood playmates were invited to help celebrate this important event.

The little guests enjoyed an afternoon of out-of-doors frolics from which they were called to partake of the beautiful birthday cake, with its trimmings of scarlet which centered the dining table decorated with carnations of the same vivid hue.

Six tiny red candles brightly proclaimed the age of the small honoree and after she had carefully extinguished their flames, the cake was served with delicious ice cream, this birthday treat completing the afternoon's fun for the little folks.

P. T. Association

The Parent-Teacher's Association of Lincoln school will hold an interesting meeting Thursday afternoon at 3:30 o'clock, January 21, in the kindergarten building.

An interesting program is being prepared and everyone is cordially invited to attend.

Entertained Old Friends

Mrs. Leora Harris entertained Sunday at her home, 413 East Chestnut street, with an informal dinner and musical evening in honor of her friends, Mrs. C. W. Ruland of Patagonia, N. Y., who is visiting her parents, Mr. and Mrs. Partridge, also Mr. D. L. Sadler of Chapel Hill, Tex., a former friend of the family in Oregon.

Beautiful calla lilies were used in decorating, and music and conversation proved to be a pleasant after-dinner diversion.

Those present besides the hostess and honored guests were Mesdames Buchannon, George Kellogg; Misses Jess Barrett, Grace Harding; Messrs. Charles Phipps, H. J. Wasserman, Frank Partridge, Fred Young and Claire Buchannon.

Celebrated Birthday

The 17th day of January marked the anniversary of the natal day of Mrs. Emma Barnes. A quiet family dinner was given Sunday at the William Sackman home, in honor of the event.

The house was decorated with bouquets of pink and white roses, a bowl of the buds serving as a centerpiece for the table. Diminutive blue birds marked places for twelve.

After dinner, a ride was taken through the pretty drives and orchards in and around Santa Ana. Later in the evening the party motored to La Habra, the home of Mr. and Mrs. H. E. Hart, father and mother of Mrs. Barnes.

Picnic at Long Beach

Misses Cora and Elizabeth Caldwell, who, with their mother, Mrs. Elizabeth Caldwell, have recently moved here from Dayton, Ohio, were guests at a pleasant picnic party held at Long Beach yesterday.

Their hostess was a cousin of the young ladies, Miss Henrietta Wilkes, of Long Beach, and other members of

SPECIAL NOTICE

VANDERMAST & SON
THE HOME of GOOD CLOTHES for MEN and BOYS

the party were Long Beach girls, Misses Marian and Grace Hamilton and Orville Anderson.

A picnic dinner on the sands was enjoyed at noon, and a swim in the ocean in mid-winter was a novelty which the easterners could not afford to miss.

Late in the evening the Misses Caldwell returned to Santa Ana, hoping for a repetition of the day's pleasures in the near future.

Interesting Travel Study

The First Travel Section of the Ebell Society was entertained yesterday afternoon at the home of Mrs. Stephen Ross at 1102 South Main street, where the members enjoyed a delightful afternoon with their hostesses.

Two cheery fires burned in the two big fireplaces and the ladies formed a cozy circle before commencing the afternoon study.

From the National Geographical Magazine many new and interesting facts concerning England, the oldest nation of Europe, were read and discussed, the ladies gleaming valuable information from their afternoon's study.

During the social hour, the hostess, assisted by Mrs. H. C. Dawes and Mrs. Chas. Kendall, served delicious refreshments, the meeting adjourning after the invitation to meet with Mrs. Linn Shaw next time had been accepted.

Those present were Mesdames J. W. Bishop, L. J. Carden, H. C. Dawes, Chas. Kendall, E. B. Smith, Linn Shaw, William Smart, Terry Stephenson, J. P. Baumgartner, Alice Tabbs, Mary Heathman and Miss Mary Cotter.

Licensed to Wed

A marriage license was issued in Los Angeles yesterday to Fred Deviney, 26, of Seal Beach, and Margaret Measor, 20, of Santa Ana.

Old-Fashioned Revival

At the corner of Second and Main streets, commencing January 19, meetings will be conducted by Walter Martin, who was born blind.

After thirty-one years of blindness he was given sight in answer to prayer.

Services every night at 7:30 o'clock. Everybody welcome.

Second Travelers Meet

The Second Travel Section of the Ebell Club met yesterday afternoon with Mrs. J. R. Thompson of Orange avenue.

The chairman, Mrs. C. E. French, presided and conducted the usual business session, the members responding to roll call by giving notes from important personages of California.

The afternoon program was conducted by Mrs. E. B. Burns who gave an interesting talk on "Our Country at

SHE IS A WISE WOMAN

Who recognizes in the tell-tale symptoms such as backache, headaches, dragging sensations, nervousness and irritability the true cause and relies on Lydia E. Pinkham's Vegetable Compound to restore her to a healthy, normal condition. For forty years this root and herb remedy has been pre-eminent successful in controlling the diseases of women. Merit alone could have stood such a test of time.—Advertisement.

daughter, Miss Ida, of Anaheim, were among the visitors in Santa Ana today.

Misses Wilhelmina Goodwin, Hazel McKinley and Alice Morrison, accompanied by Miss Morrison's aunt, Mrs. Herbert Wakeham, enjoyed an outing at Newport Beach yesterday.

Carl Cherry of Orange was a Santa Ana visitor today.

P. A. Warren of Los Angeles is registered at the Rossmore Hotel today.

Miss Beulah Carey returned yesterday from a week's stay at San Diego, where she visited her sister, Mrs. Andrew Miller.

Miss Irene Balcom, who recently returned to her home in Los Angeles after a visit at Attleboro, Mass., is the house guest of Mrs. H. G. Hall of North Main street.

Langley J. Goodman of Eagle Rock Valley is in Santa Ana today.

Mr. Cox and family of North Birch street has moved to the property at the corner of Tenth and Sycamore streets.

AMUSEMENTS

Y. M. C. A. Entertainment Course

Unique and distinctive in every respect is the Rogers-Crilly combination, who will appear at the Grand Opera House on Wednesday evening. From the harp classic with which Mr. Rogers opens the program, followed by a group of improvisations and original selections by Mr. Crilly, the listeners are carried through a series of artistic efforts in the realm of pathos, humor and music until the closing number leaves the audience wondering if it is really true that such a delightful evening has been given by a company of only two people. Every season finds the company with fresh novelties and striking selections which enable them to present a brand new program at each appearance. A feature worthy of especial mention in their continued re-appearance on the strongest and most conservative courses in the United States in such cities as Brooklyn, Baltimore, Chicago, Cleveland, Boston, Philadelphia, Pittsburgh, San Francisco and Washington.

FOR C. OF C. MUSEUM

An interesting exhibit at the Santa Ana Chamber of Commerce is a beautiful white heron loaned by Miss Ruth Taylor. The mounted bird is pure white and makes a handsome appearance.

Auto Accident

A man giving his name as A. T. Jones of Los Angeles was injured Sunday when his automobile went into the ditch at the extreme end of South Main street, near the Southern Pacific crossing. When found, Jones was pinned under the machine. His hurts were severe. The machine was badly damaged.

MASONIC NOTICE

The officers of Santa Ana Council No. 14, Royal and Select Masters, will be installed on Tuesday evening, January 19th. Sojourning companions are cordially invited. By order of F. W. WINSLOW, T. I. M. G. A. WHIDDEN, Recorder.

CARD OF THANKS

For the tender words of sympathy, for the many lovely floral offerings, and every expression of kindness during the illness and in the sad hour of our bereavement, we thank you all.
PERRY E. NEWMAN and FAMILY.

Notice to the Public

Notice is hereby given to all whom it may concern, that I have purchased the business known as the Stanton Garage and Machine Shop and took possession on or about Nov. 25, 1914. I will not be responsible for any indebtedness contracted by the former owners.
M. C. MORGAN.

Eye Removed

Robert M. Wallace's left eye was removed this morning at the Santa Ana Hospital. The eye was injured when a bit of steel lodged in it at the People's Market.

INTERSWITCHING CASE IS AGAIN POSTPONED

Notice has been received by J. C. Metzger, secretary of the Associated Chambers of Commerce of Orange County, of the indefinite postponement of the interswitching case. The hearing was reset some time ago to January 20. A. A. Mills of Anaheim is the chairman of the committee having the matter in charge. S. M. Davis of this city and H. B. Little of Huntington Beach are the other members of the committee. They requested the postponement of the hearing to a date to be hereafter fixed owing to recent legislation which has given the Railroad Commission more power in the matter of fixing rates.

ATTENTION I. O. O. F.

You are requested to attend the funeral of our late brother, Henry C. Thompson, at Smith and Tuttle's chapel, Wednesday, January 20, 1915, at 2 p. m.

MAY INAUGURATE A BRANCH SCHOOL AT THE INTERMEDIATE

It was announced at Polytechnic high school this morning that a meeting looking toward the establishment of a branch night school at the intermediate school would be held at the intermediate school Friday evening at 7:30. A number of those anxious to take instructions at the night classes, residing in the northern sections of the city, have made the suggestion that the branch at intermediate be established.

It has been suggested that French, dramatics and history be taught. One evening of each week will be given to cooking and sewing and Tuesday and Friday evenings have been suggested for the holding of the classes. All those interested are requested to be at the meeting at intermediate school Friday evening. It will be advisable to phone the high school management stating what subject are most desired.

The class in journalism will be started at Polytechnic high school Wednesday evening, during the third period. Room 38 will be devoted to the

journalism class. The classes will be taught by Mr. Paige.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

Write Your Friends in the East

and tell them that CALIFORNIA'S TWO GREAT 1915 EXPOSITIONS at San Francisco and San Diego will open on schedule time.

There will be NO POSTPONEMENT on account of the European war or for any other reason. Ask each of them to mail a postal to Some One Else, and the Mail Man will spread the news.

OPENING DATES AND DURATION OF EXPOSITIONS:

Panama-Pacific International Exposition of San Francisco
February 20 to December 4, 1915

Panama-California Exposition at San Diego
January 1 to December 31, 1915

Here are some convincing facts concerning the great Exposition at San Francisco: Not one of the 42 exhibiting foreign nations has withdrawn, while three of them have increased their participation. Seven nations involved in war and five neutral European nations will have their own buildings. Forty-three of our states and one city are making individual exhibits. Finally, these exhibits are spending more money than previously expended in any two other exhibitions.

EXPLODING SMUDGE POT RESPONSIBLE FOR SEVERE BURNS

Suffering frightfully from burns received as the result of an exploding smudge pot, Phillip Ebel, Third and B streets, Tustin, yesterday morning rode his bicycle about a mile to his home before he was given medical attention. Ebel's condition was reported today as considerably improved. He will probably recover as his burns are of the surface variety.

The accident occurred at about 5:30 o'clock. Ebel was lighting his smudge pots on his 10-acre orange ranch on Mitchell avenue. He was using gasoline to help ignite the distillate in the pots. The use of too much gasoline was probably responsible for the explosion. By rolling himself on the ground Ebel extinguished his burning clothing.

He got on his wheel and went to his home. He rested easily last night. His right hand, right ear and right side of his face are badly blistered. He is also suffering from burns on his limbs.

JOLLY CROWD AT A BIRTHDAY PARTY

(By Staff Correspondent.)

ORANGE, Jan. 18.—Saturday afternoon a number of the relatives of Mrs. Harry Winslow of 629 South Orange street, began to arrive and by evening a jolly crowd had assembled to assist her in celebrating her birthday. A most enjoyable evening was spent in various ways, at the close of which a delicious chicken supper was served. The guests left a large number of beautiful gifts to remind Mrs. Winslow of the day.

Those present were Mr. and Mrs. Fred Hansen and Mrs. Gattelberg of Los Angeles, Mrs. Hazel Davenport of San Diego, Mr. and Mrs. Bert Clement and Dr. Fred Wright of Santa Ana, Mr. and Mrs. W. E. Clement, Mr. and Mrs. Geo. Sanbury, Romaine Camfield and Mr. and Mrs. Harry Winslow and family.

Mrs. Lydia E. Jones and Mrs. Lotta B. Gitchell spent Sunday at the pretty new home of their cousins, Mr. and Mrs. E. D. Jones, and Mr. and Mrs. James E. Nevins in Anaheim. A number of other guests were there to assist Mr. Jones in celebrating his birthday.

At 1 o'clock seventeen happy people sat down to tables prettily decorated in scarlet geraniums and foliage and enjoyed a sumptuous turkey dinner.

Present beside those mentioned were Mr. and Mrs. W. E. Jones and family and Mrs. C. M. Mitchell of Los Angeles, Mr. and Mrs. David Ely and

AFTER SICKNESS A SPLENDID TONIC

All Rundown After a Hard Spell of Bronchitis. Mrs. Horbough Regained Strength by Taking Vinol.

Waynesboro, Pa. — "My system was all run down after a hard spell of bronchitis. It was hard for me to keep about. I had pains in my chest and took cold easily. I learned of Vinol from a friend and tried it. I soon felt better and now it has built me up and I am strong and well, and able to do my house work, which I had not been able to do for about three months before taking Vinol.

"You may publish this statement so others may know about Vinol and get help as I did." —Mrs. Y. R. HORBOUGH, Waynesboro, Pa.

Thousands of other intelligent people are constantly praising Vinol for restoring health and strength.

Vinol is not a secret nostrum, but a delicious cod liver and iron tonic without oil, which will create an appetite, tone up the digestive organs, make pure blood and create strength.

If you are run-down and not as strong and energetic as you ought to be, try a bottle of Vinol with the understanding that we will pay back your money if it fails to help you.

Mr. and Mrs. Oliver Heald of Pasadena, Mrs. Harry Berkey and daughter of Ludlow.

A very pleasant social was given at the Villa Park church Friday evening and was largely attended. A splendid program arranged by Mrs. Hugh Thompson was given, as follows: Solo, Mrs. Herbert R. Livingston; monologue, Edward Williamson; recitations by Marjory Thompson and Walter Brubaker; songs by the ladies' quartette; duet, Misses Bathgate and Brubaker; and a poem, "Ask the Ladies' Aid," read by A. M. Brubaker. A business meeting followed, after which refreshments were served.

Personal Items

Southwell Stillman of Spokane, Wash., is visiting his uncle, David Fairbairn, and Mrs. J. L. Hunker at Olive.

H. Z. Adams returned from Independence yesterday, where he has been auditing the books of Inyo county.

Dr. and Mrs. W. R. Price and their son and daughter, Mrs. Dillo and son, all of Long Beach, visited Orange friends yesterday and with Dr. A. T. Vance and family, Mrs. Josephine Shell and son and Mr. and Mrs. Geo. F. Argibet and son motored to Modjeska's by way of El Toro and home by way of the county park.

Mr. and Mrs. S. A. Salverson and daughter, Mrs. Ted Salverson and son, Ed Dyer and Hudson Dyer, all of Brea, spent Sunday here with relatives.

Mr. and Mrs. Henry Meehan and Mr. and Mrs. Carl J. Porter motored to Newport Saturday afternoon, returning last evening.

Miss Lelah Fernald spent yesterday and today in Los Angeles with her mother and brother Clyde.

Mr. and Mrs. A. Higgins spent the week end visiting her mother, Mrs. Hanna, at Highland Park.

Circle No. 1 of the Ladies' Aid Society of the M. E. Church will meet tomorrow afternoon at 2 p. m. with the leader, Mrs. F. W. Wilson, 276 North Grand street.

Among today's Los Angeles visitors were Mrs. Henry S. Campbell, Mrs. W. D. Granger, Mrs. M. B. Thompson, Mrs. G. G. Richards, D. C. Piskey, P. A. Blake, R. W. Miller, William Grecht, Rev. J. E. Hall and C. F. Newton.

Vernon Stanfield was at home from Whittier College to spend Saturday and Sunday.

Rev. A. Michel of Los Angeles spoke on the life of Dr. M. Luther before the Young People's Society of the German Lutheran Church Saturday evening.

The Daughters of Veterans will hold a tea at the home of Mrs. Alma Holt, 424 South Olive street, Wednesday afternoon.

Mr. and Mrs. F. C. Drumm and son and Mr. and Mrs. Babcock spent Sunday in Los Angeles, making the trip in the Fernald Maxwell.

Mr. and Mrs. S. P. Keeney and daughter and E. E. Dale were dinner guests at the Henry Felder home at West Orange yesterday.

LOS ANGELES PRODUCE MARKET

Additional demand for dried fruits is apparent and the majority of dealers are asking fractional advances in prices while not reducing quotations on the more plentiful products such as peaches or apples. There has been a heavy demand for the smaller sizes of prunes and the market is up from 1/4 to 1/2 cent a pound on these. Sales by driers have been large and it is estimated that there are less than 8000 tons left in the state, which at this time is a very small amount. There is some talk of a corner on the prune market, but this is considered rather doubtful. Higher prices are looked for in the near future, nevertheless. Peaches are moving better than expected and the market is expected to show a turn upward. Figs and dates are both firm and few dates are expected to come through this year any more owing to the difficulties of shipment.

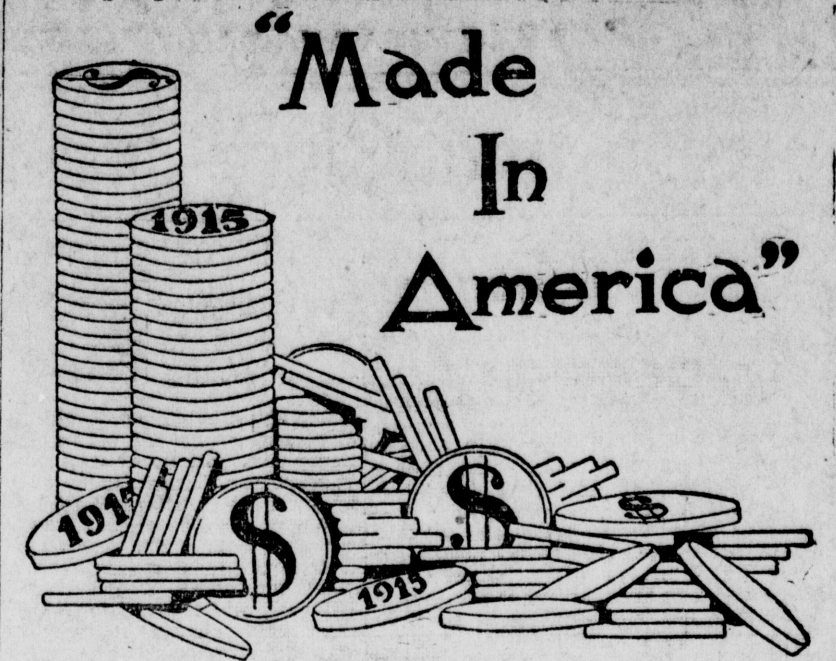

The price on eggs advanced 4 cents yesterday morning under a heavy buying demand and the fact that receipts were light. The storage situation is also causing some of the advance. Practically all locally stored eggs have been consumed and much of the supply from now to the time of heavy production here must come from the East. Five hundred cases of Chinese eggs were received several days ago by way of San Francisco and went into the bakery trade.

TRY THIS FOR NEURALGIA

Thousands of people keep on suffering with Neuralgia because they do not know what to do for it. Neuralgia is a pain in the nerves. What you want to do is to soothe the nerve itself. Apply Sloan's Liniment to the surface over the painful part—do not rub it in. Sloan's Liniment penetrates very quickly to the sore, irritated nerve and allays the inflammation. Get a bottle of Sloan's Liniment for 25c of any druggist and have it in the house against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.—Advertisement.

PLANT ALMONDS

On this continent Almonds are only grown in California and the U. S. market alone demands four times the present supply. Plant almonds at Templeton or Paso Robles and make money—it's a cinch.

PLANT PEARS

for profit! California Bartlett Pears are in a class by themselves and monopolize the market. Did you know that? Templeton-Paso Robles district produces the fancy grade of Bartlett, Winter Nelis and Du Comice.

PLANT CHERRIES

They are the most attractive and the best fruit of the summer season, and are very profitable. Soil and climate near Templeton produce a fine quality. Trees forty years old in family orchards are the indisputable evidence.

PLANT PRUNES

The Prune industry of California ranks first in the world, over one-half of the world's product being grown in California, and the dried product now finds a ready market in all countries. Prunes grown near Templeton are rich in sugar, fine of flavor, good size, and lose less weight in drying because grown without irrigation.

PERHAPS

you are more familiar with Apple and Walnut growing. Come to the office and let us show you Apples and Walnuts grown there. We also have a lot of views which will give you a good idea of the beauty of the country, and we want to tell you what's doing and who is doing it. We've also some cracker jack little stock ranches—combination of alfalfa, grain and fruit land, with some pasture land—live creek and springs, oak trees for beauty, shade and fuel, etc. Prices under actual value.

PLEADS GUILTY AND ASKS FOR PROBATION

W. W. Chamberlain is Facing Judge Second Time on Charge of Forgery

Though he is an ex-convict, W. W. Chamberlain is asking Judge West to grant him probation. He is declaring he has learned his lesson partly because he sees how badly his wife and mother feel.

Several years ago when he was us-

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from a combination of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.—Advertisement.

The Tableware Store.

205 East Fourth St., Santa Ana.

ing W. C. Chambers as his name, since which time he has also used the name of Waldeen, the man lived at San Juan Capistrano. He passed a bogus check, and was caught at Porterville. He was sentenced to three years in prison.

After he finished his term he returned here and got a job as ice man for J. E. Taylor & Company. The Fisher Wine Company at Anaheim cashed a check for \$15 for him, and the check was declared a forgery. This was in October, 1913. A few weeks ago Chamberlain was arrested at Fresno.

This morning he was in court with Wallace W. Davis as his attorney, Deputy District Attorney Koepsel prosecuting. Beside the prisoner sat two women, his wife and his mother.

The deputy district attorney put on clean-cut, convincing proof. Seeing the uselessness of further resistance, Chamberlain changed his plea and asked for probation. With a prior charge alleged against him, Chamberlain's least sentence if he is sent to prison will be fourteen years.

To Judge West this morning he made an urgent plea for probation, declaring that he would behave himself.

Marriage License

David Arbogast, 22, of Los Angeles, and Lillie Borchard, 19, of Orange.

Judgments Filed

Today judgments were filed in the twelve Birch oil cases, in which Judge Thomas last Monday made a ruling sustaining the denunciations to the second amended complaints and denying leave to amend. The judgments are for the dismissal of the cases and for costs of suit. The appeal is to be taken by the plaintiffs, formerly stockholders in the Menges Oil Company, when Birch was its manager.

On a Judgment

Action on a judgment that was entered on December 15, 1914, in Snohomish county, Wash., in favor of Martha D. Tuengel and against Magdalena Schoreneider has been brought here. Attachment is asked upon the judgment, Attorney S. M. Davis representing the plaintiff. Sheriff Jackson was given attachment papers to serve, and they were served and returned to the clerk's office in record time. Lots 11 and 12, block A, Grand avenue addition to Orange, are attached.

Suit for Divorce

Carrie J. Newman of Santa Ana has brought suit for divorce against Merrill E. Newman, W. F. Heathman is attorney for the plaintiff.

Found Not Guilty

The jury that tried Francisco Ramirez in the superior court on a charge of assault with a deadly weapon with intent to murder Bielma, brought in a verdict of not guilty. Ramirez was defended by three attorneys, Wallace Davis, G. H. Scott and Steele Finley.

A young fellow who gave his name as Martin when arrested for burglarizing a garage at Anaheim, now says his real name is Edward Cox. In bracing up his plea for probation he has written several letters to friends in El Paso, hoping to get answers commending him. So far only one reply has been received and that is favorable. The case was continued to January 29.

Case Dismissed

Dismissal was entered today in the action brought by Charles Pippis against his father, Walter G. Pippis, for an accounting of their plastering business. Clyde Bishop, attorney for the plaintiff, asked for the dismissal.

Homestead Recorded

Yesterday a declaration of homestead was recorded by John M. Woodruff upon ranch property worth \$3500.

THIN FOLKS WHO WOULD BE FAT

Increase in Weight Ten Pounds

or More

A PHYSICIAN'S ADVICE

"I'd certainly give most anything to be able to fatten up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body to waste.

To correct this condition and to produce a healthy, normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues, and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by good druggists everywhere and every package contains a guarantee of weight increase or money back.

Caution:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh-producing effect, be used by those who are not willing to increase their weight ten pounds or more.—Advertisement.

ADKINSON MADE GAME-FIRE WARDEN

Two Offices Combined, and Position Goes to Trabuco Man at \$100 a Month

This afternoon the Board of Supervisors combined the offices of fire warden, and appointed W. E. Adkinson of Trabuco to fill the combination position. His salary was fixed at \$100 a month.

For the last two years Adkinson has been fire warden, serving seven or eight months a year at \$100 a month. His work extended throughout the months when there was any danger from fire in the mountains of the county.

For the last two years Walter K. Robinson has been county game warden, drawing a salary of \$50 a month, and a deputy state fish and game commissioner, which office also pays a salary. When the supervisors organized for the present term, two weeks ago, no appointment for game warden was made. It was known at that time that the board had in mind the combining of the two offices, fire warden and game warden, by which a saving of \$100 to \$200 a year would be made. Today the resolution naming Adkinson for the place was passed.

Contract Is Let

This afternoon the supervisors let a contract to W. J. German for building two bridges on the state highway.

Bids for Bridges

This morning bids were received for building two concrete bridges on the state highway south of Tustin. The bids were: F. K. Benchley, \$150 and \$154; Munoz & Munoz, \$1597 and \$1797; C. McNeill, \$983 and \$1483; J. S. Fluor, \$830 and \$1238; W. J. German, \$665 and \$895; Bert Noble, \$987 and \$821; Mercereau, \$1121 and \$1490; E. J. Denman, \$631 and \$999.

IN THE JUSTICE COURTS

PAID FINES OF \$30 EACH AS RESULT OF FRACAS ON STREET

This morning Ralph Collar and Lawrence Penman pleaded guilty to a charge of disturbance of the peace brought in behalf of Robert Clark, a teamster. Clark came into court with one eye bandaged and the side of his face showing marks of battle.

"What does the other look like?" asked Justice Cox.

"There were three of them, not one," replied Clark.

Clark said that his automobile was bumped by another, and that a discussion that followed led to an attack upon him. The evidence indicated that there were two assailants, not three. Justice Cox fined Collar and Penman \$30 apiece, and Constable Coleman went with them after the money, which was soon secured.

Traffic Troubles

R. J. Kirkpatrick was arrested for running a motorcycle without having a number on it. He showed that he had applied for a number and it had arrived. It got here between the time of arrest and the time of appearance in court. The case was dismissed.

Joseph Grondell paid a fine of \$10 on a speeding charge.

CIVIC CENTER MATTER GAINING IN FAVOR

Anaheim Plain Dealer: Another mass meeting will be held the latter part of the month, probably on January 29—to hear the report of the committee appointed some time ago to investigate the propositions of building a new city hall and acquiring a site for a park.

The mass meeting was decided on at an informal meeting of the committee, which was held Tuesday night at the city hall.

At Tuesday night's meeting partial reports of progress were made, and the sub-committee on sites reported a largely growing sentiment in favor of a civic center where there will be a number of all public buildings and a park established. This civic center is the block in which the public library is located. Figures of the purchase price for the entire block have already been obtained by the committee.

Children's Coughs—Children's Colds Both Are Serious

When one of your little ones shows symptoms of an approaching cold, give it Dr. Bell's Pine-Tar-Honey at once. It acts quickly, and prevents the cold growing worse. Very healing—soothes the lungs, loosens the mucous, strengthens the system. It's guaranteed. Only 25c at your Druggist. Buy a bottle today.

WRONG NUMBER HAS CAUSED THEM TROUBLE

Anaheim Herald: When H. F. Ashley and wife left for Pasadena on Saturday they planned to transact some business in the neighboring city and spend Sunday with Mr. Ashley's brother at Torrance. They got along all right and everything turned out to their satisfaction.

Early Sunday morning an auto driver was held up on the Hobart boulevard by another auto driver. He reported the hold-up to the police and gave the car number as 29360. The police investigated and found the owner to be H. F. Ashley, Anaheim. The Anaheim police were notified and called at the Ashley home on Sabina street. No one was home.

Later Bill Le Deveze and M. W. Martenet decided to investigate and find out about the Ashley machine as they thought the Ashley machine had been stolen. They hunted Los Angeles, Pasadena and at last found Mr. and Mrs. Ashley at Torrance. The Ashleys returned at once. They are at a loss to know why their car number was given unless the man held up made a mistake or it may have been 29360 of 1914 license numbers.

So far the real hold-up man has not been located.

HOW TO CURE A LA GRIPPE COUGH

"Coughs that hang on" demand treatment. Stop and think! Reason and common sense tell you that it is folly to "grin and bear it." Those racking la grippe coughs that wrench the body and cause soreness and pains in the lungs yield more quickly to Foley's Honey and Tar than to any other treatment. Forty years' record of successes proves this. For coughs, colds, croup and other distressing ailments of throat, chest, lungs, larynx and bronchial tubes, you can find nothing that will compare with this reliable remedy.—Advertisement.

COUNTY HOSPITAL IS TO START TRAINING SCHOOL FOR NURSES

Dr. Harry Zaiser Announces That Applications for Admission May Be Received

Girls Must Be Over 20 and Have Had Schooling Equal to Two Years of High School

A training school for nurses is to be started soon at the County Hospital, which is well equipped for giving the instruction that nurses should have, and where the experience will be varied and broad.

That a training school be started has been decided upon by Dr. Harry Zaiser, superintendent of the hospital. He stated today that applications may be filed with him now, and that nurses will be started in upon their three-year course within a short time.

Under the law the course will be for three years. Applicants are to be from 20 to 30 years of age and must have had education equal to the second year of high school. Under the law, also, there will be a period of three months when the applicant, after starting the course, will be under probation.

The hospital will have room for a school of ten or twelve nurses. At the present time the patients are cared for by the matron and three trained nurses.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy and abundant.—Advertisement.

AUTOS GOING TO SAN DIEGO VIA LAGUNA

County Highway to Beach is Nearly All Open to Traffic at Present Time

Many automobilists from San Diego are using the coast road from San Juan Capistrano via Laguna Beach to reach Santa Ana. State highway work being done between Tustin and Galvan makes the travel on the bypaths exceedingly rough and for this reason the San Juan-Laguna road is preferable.

With the exception of about a half mile the county highway from Irvine to Laguna Beach is completed and open to traffic. The half-mile section south of Irvine to the bridge is closed at present, but will be opened in a week or ten days.

The road along the coast from Laguna to San Juan Capistrano is in fair shape at present and will remain so unless heavy rains set in. After rainy weather it requires several days for the road to get back into shape for easy traveling.

The bypath from Tustin to Irvine is in fair shape, according to reports. The nine-mile section of paving from the bridge south of Irvine to Laguna makes the going over the coast route exceedingly good. It is much better than following the course of the torn-up state highway route via El Toro and San Juan.

FIVE CENTS PROVES IT

Why Use Horses?

The Bull Tractor and Stationary Engine

costs less than a team of good horses and does the work of six. It never gets tired. You can plow or cultivate at an expense of about one dollar per day. Then you can also, without a change of any kind, use it as a stationary engine to pump water, saw wood, grind feed, or do anything that requires power. If you break a part (which is almost impossible) it will cost you no more than a part for your mower or plow. When it is idle it costs nothing for feed or care. Better investment. Price \$525, including all attachments, delivered at your ranch.

Now being demonstrated on Main St., Santa Ana, one mile south of city limits.

Special demonstration Wednesday p. m., Jan. 20th.
